Yesterday Once More

Life & Love in the Sensational 70's

Now they're back again, just like a long lost friend, all the songs I loved so well. So go the lyrics of The Carpenters' classic, *Yesterday Once More*. How true! Nothing rekindles youth or revives the spirit like a great old song.

The Seventies ushered in a feel-good era just when we needed it the most. And now Music-Art Productions brings to the stage an exciting new show featuring the greatest musical moments from a decade brimming with muscular pulse, down home grit, and old-fashioned romanticism.

Yesterday Once More tells the dramatic story of a transition from bell-bottoms to sequins; from Miss Saigon to the Divine Miss M; from love-ins to the Love Boat; from street protests to disco mania.

Imagine a performance packed with the music of Elton John, Paul McCartney, Anne Murray, Barry Manilow, Donny & Marie Osmond, Neil Diamond, John Denver, Olivia Newton-John, Jimmy Buffet, Karen Carpenter, James Taylor, and Billy Joel! Toss in a splash of The Eagles, Three Dog Night, The BeeGees and The Village People. Bring it to the stage with an all-star ensemble of seven singers and musicians, and it's truly **Yesterday Once More!**

Ingeniously scripted and staged with evocative sets and stunning costumes, **Yesterday Once More** relives a time too precious to forget: those happy days when legendary performers knew how to deliver **"the songs that make the whole world sing!"**
